RYDER CORNER SCHOOL - DISTRICT #4

By Rita D. Gross

I am planning to attend the Muster Field Farm Day in North Sutton, which is usually held in August, to visit the old Ryder Corner School. The school was partially dismantled and moved on Tuesday, November 19, 1991 at high noon. Muster Field Farm is a museum of assorted buildings, some of which have been moved to this site for preservation.

Cousins and friends of mine have attended that school, so I was interested in doing a bit of research. There were many different teachers over a period of 128 years. One of those best known locally was Patricia Sawyer's Mother, Pearl Fitzgerald Sawyer. Pearl taught there in 1905. She was the local correspondent for the Claremont Eagle and the Argus-Champion for many years and was on the Croydon School Board for 33 years.

Following her graduation from Kimball Union Academy, Doris Barton taught there in September of 1922. Doris went on to teach in Canaan, NH, Paxton, Mass., Buffalo, NY and Summit, NJ. She married F. Rogers Farrington and did private tutoring for several years. Doris and Rogers Farrington moved back to NH. She taught 5 years in Grantham and 9 years at Croydon's East Village brick school before retiring.

I found the 1867 Town Report account of the Ryder Corner School a bit different from the average. The teacher was Vesta E. Huntress Ryder with 21 pupils.

"Winter--This was one of our best schools. The order and discipline were all that could be reasonably expected, and the progress of all the pupils was good and in the right direction. The following facts prove that the best of feelings existed between the teacher and her pupils. At the close of her school, Mrs. Ryder distributed more than seven dollars' worth of books and other presents among the members of her little flock, and was in turn agreeably surprised by receiving the gift of an elegant Bible, from her pupils."

The older generation in Croydon will remember Sadie Putney Muzzey. Sadie taught 2 years at Croydon Flat school, 4 years at the East Village school, and 12 years at the Ryder Corner School and was the last teacher to teach there when it closed in 1938. Every school day, Sadie walked from Cash Street at East Village to Ryder Corner, a distance of about two and eight-tenths miles and then walked home at night. Dorothy MacWilliams said that if the weather was really impossible, she would sleep over on a cot in the school room. In her later years Mrs. Muzzey was the local Librarian and Postmistress.

The school stood empty for many years and at the School District Meeting of March 1951, "It was voted to authorize the School Board to dispose of the Ryder Corner School." The old schools were never built on Town-owned property. The locations were leased 'for one raisin per year', or some such arrangement and when the building was no longer used as a school, they had to be moved or torn down

and the land reverted to the current land owners. At the 1951 School Meeting, Robert MacWilliams, owner of the land on which the school house stood, offered to buy it for \$100. There were no objections, so it passed to his private ownership. The MacWilliams daughters, Sandra and Cora, used it as a playhouse with their young friends.

Someone will surely ask, "What happened to the \$100.00?" It was added to the School Trust Fund by the Trustees of Trust Funds.

1991 ANNUAL POLICE REPORT

During the year 1991 Officer Weaver received 26.00 hours of in-service training and Chief Holmes received 50.00 hours of in-service training.

On October 15 Officer Tim Julian of the Newport Police was sworn in as a part time officer for the Croydon Police Department and is certified and qualified to do police work for both towns.

Serious offenses such as criminal mischief, domestics, harassment and criminal threatening were up slightly in 1991 while the number of theft cases was down. Ambulance calls were down while fire calls were up.

Twenty people were reminded to get their dogs licensed and one person was taken to court and fined. Dogs must be licensed before May first of each year.

Our thanks to all agencies and departments that assisted the Croydon Police Department during 1991.

Submitted respectfully,

FRANK H. HOLMES

TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N. H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N. H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

Robert D. Nelson, Chief, Forest Protection
Bryan Nowell, Your Local Forest Ranger
Harry P. Newcomb, Forest Fire Warden

CROYDON VOLUNTEER FIRE DEPARTMENT INC.

The Croydon Fire Department responded to more than two dozen calls of various types, and numerous requests for public assistance. The vast majority of fires were either vehicle or chimney fires. Croydon Village School students visited the fire station during fire prevention week to watch fire prevention videos and receive various handouts including phone stickers, tot-finders, coloring books, etc. The auxiliary was on hand to serve snacks and assist with the activities.

It was determined late, in nineteen-ninety, that our nineteen sixty five tank truck had to be replaced, so in January we ordered a Ford L8000 cab and chassis and in April signed a contract with Dingee Machine of Cornish to build the body and install a Darley 1000 GPM mid ship pump. On November 7, 1991 the new tank truck, now known as Engine Four was put in service. A very expensive, but extremely important piece of fire equipment, especially in small towns without hydrant systems.

One more dry hydrant was installed at Rocky Bound Pond, giving us a total of five with more being planned for the coming year.

Please, remember working smoke detectors do save lives.

Respectfully submitted,
HARRY NEWCOMB, Fire Chief

LADIES AUXILIARY OF THE CROYDON VOLUNTEER FIRE DEPARTMENT INC.

Hello,

As the old saying goes, "When it rains, it pours". I know you are presently being inundated with political phone calls, pamphlets, etc., informing you of your responsibility in the NH primary.

This message does not come from afar, nor does it deal with a topic or situation that often leaves you feeling "Is there really anything I can do that will help?" It comes from your own back yard, and pertaining to a topic and situation you most surely can do something about.

We are the Ladies Auxiliary of the Croydon Volunteer Fire Department. Our inception was 15 years ago, when the Fire Dept. was no more than a 2 stall building which barely protected the fire fighting equipment on hand at that time.

A volunteer group of town (and some out of town) women over the course of the years have sponsored dinners, auctions, catered parties and in the second half of our history, waged a Bingo game on a weekly basis, for the general public (which by the way is heavily scrutinized by the state).

As a result of many manhours of volunteer work by these people, the town of Croydon has reaped numerous tangible benefits: a Fire Station equipped with firefighting equipment; A Fire Station Hall, with a 150 person capacity, equipped with kitchen and available to the public; public watering trough, used by many as their daily supply of drinking water; Halloween party for resident children; \$1,500 annual college scholarship for Croydon college candidates; numerous donations to town causes; 4th of July open house picnic, games and fire works display; rabies clinic; and flu vaccination clinic.

At any time of any day you are apt to see a familiar car or truck parked outside the Fire Station. Someone is certainly preparing for or taking care of some present business necessary to the everyday function of your town's Fire Department.

A noun, defined as a person who enters into a service of his own free will, is a volunteer, which seemingly is becoming a thing of the past. With double income families and just the hectic life style of the 90's our enrollment of volunteer members has dwindled. Needless to say, those of us that remain are feeling the stress caused by the piggybacking of duties.

The bulk of the income necessary for the continuing existence of the Fire Department comes from the Bingo games which are held every Thursday, usually, come rain, sleet or snow. These games are organized and run by the volunteers that also plan and assume the responsibilities for other fund raising functions. Given our present volunteer membership, we are spread pretty thin.

The Fire Department in itself has an estimated annual expenditure of \$30,000. Only \$4,000 is funded through town allocations.

We need help, we really do, in order to keep up what we have set out to do, "thru volunteerism, support and fund our Fire Department".

Granted, some of the benefits I listed earlier are not what you would consider that necessary to life, your, mine or anybodies . . . but I know these activities have touched many lives in a positive way and continue to.

We all can agree that the availability and responsiveness of a Fire Department whether volunteer or not is a life sustaining necessity.

Again, we need help, we need **your** help, and actually **you** need **your** help. For without volunteers there would be no Ladies Auxiliary and without the auxiliary . .

As a volunteer member of the auxiliary you would be asked to assist at various functions (dinners, bingo's, etc.) thus, lightening the load of present volunteers, strengthening the future of this organization and personally having an impact on attempting to keep this town's tax rate stable.

If you are able to volunteer a night a week, biweekly or monthly, please contact Barbara Speer at 863-1499 or call the Fire Station, 863-6916 for more details and thank you for taking the time to read through this.

Hope to see you around the Fire Station.

BARBARA SPEER, President

The Board is in its second year now. Through the Upper Valley/Lake Sunapee Council and the town attorney, the Board has made great progress in further understanding the local and state regulations. While attending local workshops, the Board felt they were as knowledgeable as boards from surrounding towns.

I would like to take time to thank the board members and the zoning clerk for the time spent in keeping the zoning ordinance working for the townspeople.

Respectfully submitted,

Newport Ambulance - 1992 Budget Request

Dear Members of the Board:

Enclosed, please find the annual contract for ambulance services between the Town of Newport and the Town of Croydon for calendar 1992.

As explained last year, the budget request is determined by dividing the department operating deficit for the preceeding year by the total population served, to arrive at a per capita cost for service. This amount is then multiplied by the population of each community to arrive at the requested budget appropriation.

The following figures are used to calculate this year's budget request:

	1991	1990	Change
Expenditures	\$106,377.00	\$112,707.00	\$6,330.00
Less: Revenue	<u>67,448.00</u>	<u>55,916.00</u>	<u>11,532.00</u>
Operating Loss	\$38,929.00	\$56,791.00	\$17,862.00
	1990 OSP	1989 OSP	Change
Newport	6,123	6,626	(503)
Sunapee (50%)	1,282	1,424	(142)
Grantham	1,250	1,456	(206)
Goshen	744	666	78
Croydon	<u>628</u>	<u>548</u>	<u>80</u>
	10,027	10,720	(693)

Based on the above, the 1992 budget request for the Town of Croydon is:

TWO THOUSAND FOUR HUNDRED THIRTY EIGHT DOLLARS AND SIXTEEN CENTS (\$2,438.16)

Please execute the enclosed contract as soon as possible following your town meeting, and return it to this office for countersignature. It is essential that we have the signed contract in our files to guarantee service.

This letter and the enclosed contract shall serve as your bill. Payment in full is required no later than July 1, 1992.

Also enclosed, please find the 1991 report of Newport Ambulance Service for your information, and inclusion in your annual town report, if you so desire.

Thank you for your continuing support.

Brian W. Tracey, Director

REPORT OF NEWPORT AMBULANCE SERVICE Calendar 1991

In calendar 1991, Newport Ambulance Service responded to 734 calls, most of which were emergencies. There were 23 responses to the Town of Croydon, compared to 30 calls for service in 1990.

Over the past year, we have received substantial donations from individuals, private groups and businesses. These financial gifts have allowed the department to upgrade both equipment and training levels without burden to the taxpayers.

Newport Ambulance is currently staffed with a full time Paramedic, two EMT-Intermediates and nine EMT's. The entire staff is skilled in cardiac defibrillation and seven members have recently completed advanced training at the EMT-I level.

The Ambulance department wishes to thank the Town of Croydon for their continuing support.

Respectfully submitted,
BRIAN W. TRACEY, Director

SULLIVAN COUNTY HOSPICE

Sullivan County Hospice, Inc., in its 6th year of existence, is requesting level funding from the town of Croydon in the amount of \$250.00 in financial support for continued program development. Hospice services help serve the needs of the terminally and seriously ill throughout Sullivan County in cooperation with other agencies and health care professionals. Our services complement rather than duplicate ongoing services already established, such as Visiting Nurses Association. Our case load has increased gradually as has our pool of trained volunteers. This request continues to be based on the population and number of deaths in Sullivan County.

Sullivan County Hospice, Inc., is a non-profit agency that has established a program to educate and coordinate volunteers who offer support services to the terminally ill and their families, at no charge. These services include helping the family with some homemaking chores, respite care, as well as grief and bereavement counseling. Our services are available to the patient who is dying at home or in a more acute care setting such as a hospital or nursing home.

The enclosed reports and information sheets should clarify any questions that may arise; however, feel free to contact any one of our Board of Directors for further information. The Board is made up of professional and concerned citizens who have experienced the process of watching a loved one die with only limited help available.

We are grateful for your assistance in this matter.

GARY MERCHANT, Chairman
Sullivan County Hospice Board

NH/VT SOLID WASTE PROJECT 1991 ANNUAL REPORT OF ACTIVITIES

The waste-to-energy plant and the ash landfill contracted or operated by the New Hampshire/Vermont Solid Waste Project for processing and final disposal of solid waste generated within Project towns performed their function successfully again this past year. Several issues, however, have consumed a considerable amount of time and been points of concern at times throughout the year. Among these have been the continuing shortage of district waste, the contract negotiation talks with Wheelabrator Claremont L.P., and the ongoing litigation between the Project and Kimball Chase, Pike Industries, and Caswell, Eichler and Hill.

The Project guaranteed to Wheelabrator Claremont L.P. 47,500 tons of solid waste in 1991. This is the minimum amount allowed under the present contract. We will deliver to the Wheelabrator facility just over 40,000 tons in 1991. The prime causes of this shortfall have been the deepening recession, increased commercial and residential recycling, and diversion of district trash to less expensive disposal sites.

In April the Project and Wheelabrator, by mutual consent, decided to sit down and talk about specific changes in the existing contract. These talks have continued throughout the year. The major issues covered by these negotiations were the maximum and minimum levels of the guaranteed annual tonnage, recycling credits and ash disposal. The negotiating committee and Wheelabrator now have principles of agreements of these issues that will be addressed by the Districts and Joint Committee early in 1992. The decision whether to alter the contract or not will come as a result of this examination.

The litigation between the Project and Kimball Chase, Pike Industries, and Caswell, Eichler and Hill is scheduled to go to trial on March 2, 1991. This case has been very complex and has lasted much longer than anticipated.

The planning and design of the second stage of the ash landfill is virtually complete. Final plans have been submitted to the NH Department of Environmental Services. During the design process it was determined that a Wetlands permit would be required from both the Army Corps of Engineers and the NH Wetlands Board. The Corps of Engineers permit has been issued and the NH permit is expected in January. Construction on the second stage is expected to begin in April of 1992.

During 1991, the operations of New Hampshire and Vermont municipal recycling facilities and Project operations have expanded. In Springfield and Windsor, Vermont, totally new drop-off facilities were brought on-line. Springfield built a pole barn and Windsor bought metal roll off containers. Cavendish and Ludlow closed the landfilling sections of their transfer station

facilities and expanded and redesigned other areas. Weathersfield built a new recycling storage facility as well as a waste oil tank facility. Rockingham and Westminster have continued required testing prior to building their drop-off/processing center at the old Rockingham Town Dump. It should be built in early 1992.

In New Hampshire the major processing facilities of Claremont, Meredith and Sunapee have all expanded. Claremont has two vertical balers, and both Meredith and Sunapee built new storage buildings. The Town of Plainfield is studying whether to continue their curbside contract for trash and recyclables or establish a user fee based transfer/recycling facility.

SULLIVAN NUTRITION

1/14/92

Board of Selectmen
Town of Croydon
Croydon, NH

Dear Board Members:

May we again request that you continue to support the Sullivan Nutrition Meals-On-Wheels program.

Your support enables us to serve the elderly citizens of Croydon and Sullivan County.

Thank you for your assistance and concern for the many senior citizens of Sullivan County.

Sincerely,

RODNEY WALKER, Director
Sullivan Nutrition

TOTAL	\$173,890

ARTICLE 3. The Town voted to authorize the Board of Selectmen to hire all necessary sums of money for use during the year in anticipation of Taxes.

ARTICLE 4. The Town voted to authorize the Board of Selectmen to apply for, receive and expend federal and state grants that may become available during the year in accordance with RSA 31:95-b, also to include any governmental unit or private source, for purposes for which the town may legally appropriate money.

ARTICLE 5. The Town voted to raise and appropriate the sum of \$6,500 (six thousand five hundred dollars) for the Croydon Police Department. (F. Holmes/R. Leslie)

ARTICLE 6. The Town voted to raise and appropriate the sum of \$4,000 (four thousand dollars) for the Croydon Volunteer Fire Department. (H. Newcomb/D. Leslie)

ARTICLE 7. The Town voted to raise and appropriate the sum of \$8,775 (eight thousand seven hundred and seventy-five dollars) for the lease agreement of a backhoe/Loader for the Highway Department. (G. Gross/W. Ballou Jr.)

ARTICLE 8. This article was passed over. (W. Ballou Jr./D. Bridgeo)

ARTICLE 9. The vote was unanimous to direct the Trustees of the Trust Fund to entitle the present Capital Reserve Fund "New Equipment" to read Capital Reserve Fund "Highway Department Equipment" and establish said account in 1991.

ARTICLE 10. The Town voted to raise and appropriate the sum of \$10,000 (ten thousand dollars) for the Capital Reserve Fund for Highway Department Equipment. (W. Ballou, Jr./J. Chworowsky)

ARTICLE 11. The Town voted to raise and appropriate the sum of \$300 (three hundred dollars) for the support of the Newport Senior Citizens, Inc. (J. Chworowsky/D. Ballou)

ARTICLE 12. The Town voted no amount of money in this article for the purpose of an outside Town Audit. (R. Gross/S. Speer)

ARTICLE 13. The Town voted to raise and appropriate \$5,500 (five thousand and five hundred dollars) to construct a handicap access ramp to the Town Hall. There was much discussion on this. Moderator suggested the Selectmen, when design is drawn up, to get will of the people before having ramp put in.

ARTICLE 14. The Town voted to authorize the Selectmen to withdraw \$5,500 (five thousand and five hundred dollars) from the Revenue Sharing Account to offset the expenditures of the General Highway Expense Account during the 1991 calendar year.

ARTICLE 15. The Town voted to raise and appropriate the sum of \$5,000 (five thousand dollars) for the resurfacing of Pine Hill Road and Loverin Hill Road, and authorized the Selectmen to withdraw \$15,000 (fifteen thousand dollars) from the Revenue Sharing Account and the balance needed to be from Block Grant for this purpose. (H. Newcomb/B. Walker)

ARTICLE 16. The Town voted not to purchase a one-ton truck for the Highway Department.

ARTICLE 17. The Town voted to raise and appropriate the sum of \$2,000 (two thousand dollars) to update the Town's Master Plan, and to authorize the Croydon Planning Board to contract, for three (3) years with the Upper Valley/Lake Sunapee Council for said purpose, total cost of the update to be no more than \$6,000 (six thousand dollars). W. Ballou, Jr./J. Chworowsky)

ARTICLE 18. The Town voted to accept the refurbishing of the Town Hall, more specifically the purchase of a stove, refrigerator, update plumbing, paint and supplies, make bathrooms handicap accessible, purchase curtain material, and kitchen accessories; this is a donation to the Town.

ARTICLE 19. Other business brought up: Rita Gross asked about the replacement of the fireproof files that were destroyed by vandalism. Willis Ballou said we are waiting to hear from Insurance Co.

The furnace broke down and it was cold, so W. Walsh suggests the Selectmen look into the repair of or replacement of the Oil Furnace. Selectmen stated they had the furnace looked at by two companies and both said the furnace was in good condition, will call repair man first thing Monday morning.

Selectmen asked the Townspeople for their opinion about having Cable TV in the Town of Croydon; the majority of the people were interested. The selectmen will look into the matter and get back to the Townspeople with more information.

Meeting was then adjourned.

REPORT OF THE SUPERINTENDENT

TO THE CITIZENS OF THE CROYDON SCHOOL DISTRICT:

Again I am writing to you to review what has occurred at the Village School and in the School District this past year. As most of you know Mr. Brettell retired as the teacher at the Village School after serving in that position for nine years. A committee of parents, a school board member, the teacher's aide and myself interviewed the top three candidates from the eight teachers with whom I had previously met. Sarah McCay, who had been a teacher in a classroom for emotionally handicapped children, as well as having worked as a teaching assistant in a self-contained special education classroom, was recommended to the School Board, who approved her nomination.

The year began with twenty-seven students, two teaching assistants and Sarah. After the first week, Susan Spreadbury, one of the teaching assistants, moved to Florida. Dawn Cote, who had worked as a teaching assistant previously, took Susan's place. Between Thanksgiving and Christmas three children transferred to other schools and in January another student and a teaching assistant moved to Richards School in Newport. By February we had eight first graders, six second graders, and nine third graders; each with his or her own special talents and needs. A lively group!

An audit of the school district accounts was performed by Grzelak & Company from Laconia. This was the first time school accounts had been audited by outside certified public accountants. When the audit was completed it was found that the school district had \$27,000.00 more in its fund balance than had been previously known. That money was transferred to the Capital Reserve Fund for Transportation.

Even though the Village School provides many excellent educational programs for our students in grades 1-3, the school does not meet the minimum standards for elementary schools in New Hampshire. We do not provide guidance services nor art and physical education taught by teachers who are certified in those areas. In the next two years, we plan to show that the programs we do offer meet the intent of the minimum standards, and seek full approval for the Village School.

Up to this point no decisions have been made as to where we will educate the thirty-three (plus or minus) students that are projected to be on our doorsteps in 1994. During the 1992-93 school year it will be necessary to look at what our options might be. The site of the present school is pretty limited. It might be able to support a portable classroom, but not an addition to the building. We certainly are going to need help from the community to determine the best way to educate the students within the means available to the citizens of the Town of Croydon.

Respectfully submitted,
ANNE S. SEGAL, Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT
(Special Services)
1991

This academic year has been filled with a lot of activity and growth for Special Services, which includes Special Education and Chapter I. Programs.

Since the SAU reorganized following the loss of Kearsarge Regional School District, I now have a more direct involvement with educationally handicapped students placed out-of-district than I previously enjoyed. Each student has to be monitored, staffings have to be attended, and a multitude of decisions have to be made on a student by student basis. It is the one program area where I can end up being contacted any hour of the day or night and on weekends to help resolve problems as they arise.

During this past year, I have been directly involved in the Chapter I. Programs within the SAU. This program provides interventions for students who are experiencing difficulties with school work, but who are not so seriously involved as to require Special Education services. This program allows us to try new approaches for teaching students that we may later adopt in all areas of the curriculum.

My involvement with Croydon School District special education programs has become more direct, simply because I am not attempting to service as many schools as I was in the past. I believe that many good and exciting events are happening on a local school and district level. First and foremost, are our efforts to include special education students in regular classrooms to the maximum extent possible. Croydon School District and the SAU is involved in a partnership with The Institute for Disability at UNH to provide our staffs with training and technical assistance as we attempt to include handicapped students in regular classes. We are attempting to bring about this program change by including children in the early grades with the assistance of aides and integration consulting teachers which lets us "grow into" this program design. Where appropriate, we have moved a few older students into this program design, but for the most part we are planning to let the older students "age out" in their current program designs. The inclusionary program design is a profound change in program philosophy. However, parents of children who have started their education in this design are generally quite enthusiastic about the many positive gains students make.

There are some students who are unable to fully benefit from our current efforts to provide inclusionary programs. For those relatively few students, we are attempting to build and maintain needed self-contained programs within the confines of the SAU, so that students may continue to live at home while attending appropriate school programs.

Croydon school district supported training for regular and special education teachers to improve their ability to deal with the educational needs of all children. Training is provided through individual consultations regarding particular students, short term workshops, and course work that may extend over a number of weeks.

Our Chapter I. Program made a commitment to try out the Reading Recovery Program in the Newport School District. This approach, first developed in New Zealand, takes a group of first graders who appear to have the most difficulty with early reading skills, and bombard them for a maximum of 100 multi-method lessons or until they are reading at or above their grade level. In other districts this program has experienced a better than average success. If the program works well in Newport, I would expect that we would then give consideration to the involvement of the Croydon school district.

In the Croydon district, we have a really dedicated teacher who attempts to keep the interests of the students first and foremost. Mrs. McCay has been a real advocate for the needs of children at risk for school difficulties. Everyone is working together to provide services which are appropriate and cost-effective!

In closing, I would like to mention one role that I have, which I consider to be perhaps the most important role. That is to be the person who helps to fix our Special Education and Chapter I. services when something does not work to your satisfaction. I need to hear from you when you feel that things are not working well. (I would also like to know when staff people are doing a good job.) I will address your concerns in a direct and confidential manner, and attempt to resolve them to your satisfaction. I am a phone call away at 863-6659. Special Services need to be a successful partnership between parents, teachers and students. I really need to hear from you!

Respectfully submitted,

ARTHUR G. JILLETTE, JR.

CROYDON ANNUAL SCHOOL DISTRICT MEETING MINUTES

Saturday, March 16, 1991

The Moderator, Willis H. Ballou, Jr., called the meeting to order at 10:00 AM. He then gave special instructions as to speaking procedures. There were 29 persons in attendance plus 9 Election Officials.

He then opened with Article 2: Report of Officers, etc. The reports of committees and other Officers, as printed in the town report, were accepted without dissent.

Article 3. To see what sum of money the District will raise and appropriate for support of schools, etc. This article was taken up by line item on pages 58, 59 and 60 of the Town Report with the following changes: The salary for Teacher would remain at \$24,000; the salary for Teacher's Aide would remain at \$9,207. Retirement was reduced from \$1,230 to \$625, the \$400 for Unemployment Compensation was eliminated entirely, the amount of \$1,600 for gasoline was reduced to \$1,200. When the discussion and motions were ended, a motion that the District vote to raise and appropriate \$475,720 for the support of schools was passed in the affirmative (Jane Chworowsky/R. Gross).

Article 4. To see if the District will vote to appropriate the amount of any unencumbered balance accruing in the 1990-91 budget as of June 30, 1991 to be placed in the Capital Reserve fund for School Transportation for school transportation needs. (M. Thorson/S. Spear) This was passed as read in the affirmative.

Article 5. Purchase a new bus. (G. Gross/Jules Pellerin) The District voted to authorize the purchase of a school bus for not more than \$40,000 and the School Board to act as agents of the District to expend all funds held in the Capital Reserve Fund for School Transportation and the balance necessary to purchase the bus be raised and appropriated.

Article 6. To see if the District will authorize the School Board to apply for and accept money from any source, etc. (G. Gross/Jules Pellerin) The motion was passed in the affirmative as written.

Article 7. To transact any other business. Since there being no other legal business, the meeting was adjourned at 11:10 AM.

RITA D. GROSS
Croydon School District Clerk
